# QUINTA DO SOALHEIRO

## VINHO VERDE (MELGACO)

Soalheiro is the first Alvarinho brand in Melgaço (the northern point of Portugal) and one of the first portuguese producers of Alvarinho. Here, the Alvarinho is special, the region is protected by a range of mountains that create the perfect conditions of rainfall, temperature and number of hours of sunshine needed to the better ripeness of the Alvarinho grapes. We hope that you also love the vibrant and elegant style of our passionate wines...

Quinta de Soalheiro, located in Melgaço (the most northern point of Portugal), is protected by a range of mountains that create conditions of rainfall, temperature and sunshine hours necessary for the best ripening of the Alvarinho grapes.

This very special microclimate led João Antonio Cerdeira to plant the first Alvarinho vine in 1974 and to create, in 1982, the first Alvarinho brand in Melgaço - "Soalheiro".

# DOURO

THE WORLD'S FIRST APPELLATION - SINCE 1756

## THE MAGNIFICENT DOURO

A younger generation of winemakers in the Douro, has been capable of reviving the tradition, heritage and unique character of this valley. From distinctive estates and selected vineyards we find wines with soul and identity, true to this unique terroir and respecting the cultural patrimony passed on for many generations

Quinta de Ventozelo is an emblematic Douro estate extending over 600ha and its boundaries were established in 1569. Housing a small village inside and an array of old vines and traditional field blends, the estate produces top quality grapes for both Porto wine and still wine. The old guest house has an incredible view of the Douro river in all its grace.

# BAIRRADA

## CAMPOLARGO

“Our grandfather Martinho, a farmer from Mogofores, began producing wine back in the early 1920's. He was amongst the rare group of growers who would separate white from red grapes. Today we produce what people call “natural wines”: we don't use any enological products; our winery operates on gravity rather than pumps and in the vineyards we practice a mix of organic with integrated production. Our wines are the interpretation of the region of Bairrada, its soil and climate...” Carlos Campolargo.

As one of the leading winemakers in Portugal, Paulo Laureano creates wines exclusively from Portuguese grape varieties. The Vidigueira DOC is a special terroir in southern Alentejo featuring an uncharacteristic mix of schist in its soil. The cooler nights in this area translate in rather elegant and fresher Alentejo wines. Home of the Antao Vaz (white), Alicante Bouschet and the rather rare and exotic Tinta Grossa (red) grapes.

The Dão wine Region is located in the heart of the country. Sometimes referred to as Portugal's Burgundy, not because of any physical similarity but both have a similar wine style. Like red Burgundy, Dão doesn't rely on power, instead aims at subtlety and finesse supported by natural acidity given from this mineral terroir and specific mountain climate. From a small parcel in the footsteps of Portugal's highest mountain we source the grapes to produce Evidencia.

# PORTO DALVA

C. DA SILVA  
Rare and Exceptional

C. Da Silva “Dalva” is a very un-traditional Port Wine House. Founded in 1862, its present name was defined in the first decades of the twentieth century, when Mr. Clemente da Silva received the company through marriage. The company has devoted its entire existence to perfecting the art and methods of Port production and blending, through a careful selection of the best wines in each harvest, while carefully preserving the old and rare wines passed on to us from the previous generations. The Golden White series and the Old Dry Ports are a living testament to this commitment...
